

OUR STORY

Simmons Civil Pty Ltd provides industrial civil construction services including earthworks, concreting, concrete remediation, concrete cutting, core drilling, carpentry and plumbing works. Having access to a range of contractors and equipment, Simmons Civil has completed extensive industrial projects at multiple Gladstone and Queensland wide sites.

MANAGEMENT PROFILE

Director, Jake Simmons, is a trade qualified Low-Rise Builder having worked in the construction industry for over 15 years. Jake holds various management and civil construction qualifications.

Jake's experience and training has provided him with the understanding and ability to navigate the complexities of the construction industry. This has also cemented his strong views on safety, integrity and quality. Jake's strong work ethic and project management ability present Simmons Civil as a solid choice for construction services.
